Onyx Tribute Urn

Large £144

The stunning Onyx Tribute Urn is turned from natural onyx in a lovely, tactile domed shape and has a highly polished finish.

The natural banding of the onyx creates an attractive flowing pattern, unique to each urn, in lovely shades of reds, oranges, browns and creams – reminiscent of a sandy beach. The ashes compartment is accessed through a discreetly hidden and easy-to-use screw cap in the base, so the polished surface of the urn forms a smooth and unbroken curve.

N.B. These beautiful urns are made from natural stone, so colours and patterns will vary.
